4.2. Pairing to Mobile phone or other device

To use your Bluetooth Stereo Headphone, you must first pair your Stereo Headphone with a phone or a computer. Once your Bluetooth Stereo Headphone is paired to a specific mobile phone, they will remain paired and automatically recognize each other whenever they are within range.

Pairing to a phone and Entertainment:

- **Turn on your phone and ensure its Blue**tooth function is activated

- Turn on the Bluetooth Stereo Headphonego to the paring mode.
- Search your Bluetooth devices on your phone by following the phone's instructions. Refer to your phone's user manual for more information.
- After a few second the phone will list the device as a discovered device. Select SB230 and follow your phone instruction to select this pairing.
- Then your phone will request a passkey or PIN, enter 0000 as your PIN or passkey.
- Your phone will confirm the pairing, and then press Yes/Ok.
- Finally, select to connect with device from your phone.
- You can play music; watch TV/movie and play game with your phone, then your can hear all the sound or music form the device. Also you can control the player by operating the device. Example, volume up and next music.

Pairing to a computer and Entertainment:

- If there is no Bluetooth function supported by your computer, a Bluetooth adapter is necessary. Using a adapter (such as SoundBot SB340) with your computer and ensure its Bluetooth function is activated.
- Turn on the device go to the paring mode.
- Open the Bluetooth software installed on your computer, and selects "Search your Bluetooth devices" function. Refer to user manual of the Bluetooth software for more information.
- After a few second the " SB230" will be listed in Bluetooth software of your computer as a discovered device. Select this icon and click right button of mouse to select "pairing" item,then select "connect with audio device" with same operation.
- Select SB230 as the output hardware and open your media player software to play music, watch TV/move and play games.

4.3. Charging your device

a) The device is convenient to connect to AC charger or a USB charger with Micro USB port. Make sure that your device is fully charged for at least 6 hours before initial use.
b) Insert one terminal of your charger to AC main or USB port of PC and other terminal to Micro USB. While charging, he red LED light constantly. When charging is completed, the LED turns off.

Warning:

- You must select a qualified charger from an eligible manufacturer.
- You must charge the Bluetooth Headset if it has been not used for more than 12 months.
